APPLICANT'S AUTHORISATION

I, the undersigned (applicant) _____, duly authorised to act on behalf of (enterprise) _____, hereby apply for SADC funding under the *Technical support program for enterprises and organisations*

I declare that I am acting both on my own behalf and on behalf of the enterprise in signing this document.

I agree to collaborate with the SADC in order to provide all the information needed to analyse my application for a grant via the *Technical support program for enterprises and organisations* and agree that all the required documents must be submitted before my request will be considered.
